

Agenda:

1. Work review;

- Twinspace profile – registration and publications (encourage partners do to, what we agreed on – table1 review)
- Erasmus internet page »Learn and participate«
 - Each partner choose a person responsible for internet posts. He or she sends all materials (pictures, presentations, etc) to Sabina (Slovenia); sabinam@jozmos.si or to learnandparticipate@gmail.com
 - Send what you do regarding our project;
 - Presentations of your country, city, school, make some pictures of activities of students in the project. We would also suggest that each school makes a presentation, with some photos of what has been done so far in the project. We can posts those presentations under »what are we doing« on our web page – this is a kind of short brief of our activities.
 - We were thinking to put on the web site also contacts (e-mails) of coordinators – to have them all on one spot/place.
- »Logo competition« – Hungary report
- »Dictionary« – Spain report
- Slovenia – »Being safe on internet«; short presentation of survey and activities on the subject.
- »We present ourselves« - short movie or PPT, like Estonia did. We can use it for our students virtual mobility if we decide to do it and also to put it on web site.

2. Further work agreement;

We have to decide what to do, we would like it have another meeting in a week and in between each team makes their decision and suggestions how to continues.

We propose;

- Option 1;
Postpone our project and follow changes on the dates we set on mobility (see table2)
- Option 2;
Agreement and suggestions on which activity/-es or maybe even mobility can we do on distance.

So, we take a week, to talk it through in our/each team and than make a decision.

We can talk about that even now, if there are ideas...

Slovenia on this matter suggest »Europe culture«:

- Each country present them self
- Or each county present other country – as a task – we can choose random who is going to present who. Follows evaluation, review and choice of the best presentation(s). We can set some criteria about what to present or we can leave it to students. Also how to present it (short movie, PPT, paintings, role plays ...)
- Presentation of 5 important persons of each country (art, sports, culture, actors, science, music, literature, ...)
- Research or survey of how people dress in their country. Maybe some specific drees parts (apron?, ...)
- Research on eating habits
- Traditional holidays of each country
- ...

We would like it for you to think also;

- how to include students
- how would they report, how to organise student meeting on distance, how many should get involved in online meeting, what activities are suitable for online meeting

Tim (Sweden) for technical IKT view.

Date for the next meeting 15th of April 2021. If partners agree on?

Conclusions:

- **Work review**

1. Twinspace platform;

All partners are going to put contributions we agreed on to the twinspace until the next meeting.

2. Website “Learn and participate”;

- Each partner chooses a person responsible for the internet posts. He or she sends all of the materials (pictures, presentations, etc.) to Sabina (Slovenia): sabinam@jozmos.si or to learnandparticipate@gmail.com
- Partners create a link from their school home page to the Erasmus project webpage (if they haven't done so far)
- Partners will send what they do, regarding Learn and participate project;
 - pictures of their Erasmus corner for website,
 - presentations of their country, city, school for the website,
 - some pictures of students activities in the project if possible.
- We are going to put on the website contacts (e-mails) of coordinators – to have them all in one spot/place.
- Each school makes a SHORT REPORT with some photos (if possible) of what has been done so far in the project. We can post those reports or presentations under »what are we doing« on our website – a kind of short brief of our activities.
- We will put tab/section for meetings reports on webpage

3. Logo competition;

We selected winning logo. Almost 4000 voters decided on the winning logo – congrats Spain. Hungary will send results/link or picture to put it on the webpage and twinspace.

Partners will also send others pictures of Logos, which didn't get to be chosen for the voting competition, to put them in Gallery on the webpage.

4. Dictionary;

Partners will send Spain audio clips of pronunciation of words we put in dictionary.

5. Being safe on internet;

Slovenia did survey regarding this topic among their students and will share the questionnaire with other partners.

Please fill in the table before signing the report

CHECK LIST OF TIME TABLE

LIST		COUNTRIES					
		TURKEY	SPAIN	HUNGARY	SLOVENIA	SWEEDEN	ESTONIA
P1	P1 -Establishing the project teams (teachers/students).						
P2	Registering students on TwinSpace, Put all contributions we agreed on to the twinspace						
P3	Creating dissemination tools: A website and Erasmus+ link created by Slovenia. Website and TwinSpace						
P4	Project evaluation	After Mobilities					
P5	Share your experience	After Mobilities					
P6	Informing our community by organizing displays, meetings with the school staff, the students, the parents, the folk and the local press, local authorities, etc						
P7	Each partner institution will create an Erasmus corner at school.						
P8	Writing a journal with impressions about mobilities.	After Mobilities					
P9	Live Dictionary						
P10	Logo competition						

- **Further work agreement**

6. We concluded to go with Option 2 in agenda.

- *First activity is going to be a »Pilot meeting« for students. We divided in two groups;*

Group nb. 1 – Sweden, Spain, Slovenia

Group nb. 2 – Turkey, Hungary, Estonia

There will be 3-4 students and mentor(s) in each group. We set to have this pilot meeting beetwen April 12 and April 16. Students are going to (re)present themselves and talk about ideas for activities on the topic of Europe culture. Each group sets platform for virtual meeting.

- *also there will be discusion about ideas fot this topic in each teams. Each country will provide 4 to 5 ideas about activity on the topic of europe culture.*

So far ideas are;

- Each country presents themselves or each country presents other country – as a task – we can choose randomly who is going to present who. Follows evaluation, review of students, maybe choice of the best presentation(s).
- We can set some criteria about what to present or we can leave it up to students, also how to present it (short movie, PPT, paintings, role plays...)
- Presentation of 5 important people of each country (artist, athlete, culturist, actor, scientist, musician, literature, writer, poet, ...).
- Research or survey of how people dress in their country. Maybe some specific dress parts (apron ...), dresscodes in history and today
- Research on eating habits
- Traditional holidays of each country

7. Date for the next meeting: 16th of April 2021, at 17.00 (CET, that is Brussels time)
