

My experience in Hungary

We began our route to Budapest on the 5th March at 7:00. Around 13:30 we were going out in a taxi to the hotel. While we were in the taxi we saw the Puskás Aréna stadium which was huge. When we reached the hotel we left our suitcases and we went to see Budapest.

On Monday, we went to Szigethalom school where we had a very beautiful welcome. After that, we presented ourselves and we danced the typical Hungarian dance.

On Tuesday we did a type of ginkana around Buda Castle and Chain Bridge. We went to the dance theater. I don't know why they brought us there instead to see Matias' church or visit the Hungarian Parliament.

On Wednesday, we took the train to go to Vác to see the caricature museum of that town. Furthermore, we had to make a boring drawing. After that, we strolled by the Danube river. And that day my team and I went to see more interesting things about this wonderful city.

On Thursday, we went to Szigethalom school again to present some projects made by ourselves about the culture of our country.

Friday was the best day of the trip. We visited Heroes Square, visited Vajdahunyad Castle and had a bath in one of the famous spas of Budapest.
