

Erasmus+

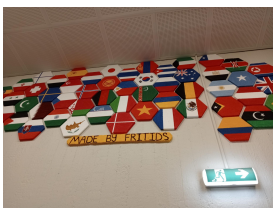

Stockholm, Sweden.

Hello, my name is Jade. I'm from Santa Teresa school, from Spain.

MONDAY

On Monday we went to the Karsby International School to visit and meet new people. I saw people that I knew. The school was so cool and beautiful. We went through the classes, library...Some Kids did a show for us. We were in a carpentry class. We ate new things. At dinner time, we made small burgers. They were delicious. At night, we came back to the hotel.

TUESDAY

On Tuesday we ate the school's breakfast, but we didn't eat it at school. We went to Skansen, a beautiful natural museum. It was amazing, and there were small shops! Later we went to another museum, but it was about the history of a ship. The ship was the older ship I saw in my life. It has faded, but the structure remains standing. I remember there was a model of the ship, it was so colorful and beautiful. There were strings, swords and more. For dinner, we ate outside.

WEDNESDAY

On Wednesday we went to Gamla Stan, the oldest city of Stockholm. It was so colorful, and crowded. We saw the royal Palace of Stockholm from the outside too. It was incredible. We saw the changing of the royal guard. It was exciting!! Later we went to Blå hallen, it's the place of the annual banquet of the Nobel Prizes. We went to the Nobel Prizes museum. There were so many interesting things. Later, we saw a little part of the city. It was so beautiful and cool.

THURSDAY

On Thursday we ate the school breakfast again. We went to a zip wiring park. IT WAS AMAZING! I liked it so much. We rode on the zip wirings and later we ate in a restaurant near that. The food was delicious! We got on the bus to get back to the hotel. But before, we ate in beautiful streets.

FRIDAY

On Friday we went to the school again, to say goodbye and they gave us a little farewell. We played games at school time and in the afternoon we saw a video of us and they gave us a warm farewell. We continued the carpentry class, my project was so bad, jajaja, but it was my first time.

Thanks for this trip. It was amazing. If I can repeat, I will do it.
